**Subject:** State Parks Contact -- Cesspool Compliance Issues

Judith,

Darci Frinquelli, copied on this email, is State Parks' point of contact for your staff, to set up a meeting to discuss our plans to address all non-compliant cesspools within state park facilities.

Darci works in our Counsel's office and has coordinated our submission of the inventory forms, which we provided last summer. She can manage the logistics of scheduling a date with our Parks technical team that will participate in the meeting.

Thanks, Andy
